

AMENDMENTS TO THE DRAWINGS:

One NEW drawing sheet is being submitted as an appendix hereto containing a new Figure 11. The new Fig. 11 illustrates sections of the SIP gateway (mobile communication network side) 31 corresponding to the sequence diagrams of Fig. 7 (a sequence diagram for when an SIP phone presence is changed) and Fig. 8 (a sequence diagram for when an absolute presence of the presence server is changed), as further discussed below. Applicants respectfully submit that no new matter is added by the new Fig. 11.
